

Camping With Lasting Impressions

We are excited to have your students coming for a camp at Lasting Impressions. The camp is located 16 km from Kadoma overlooking the picturesque Claw Dam and the Msweswe River. The course is designed to challenge and inspire personal growth as well as building up positive group dynamics. The characteristics that we encourage are: responsibility, ability to organize, motivation, perseverance, discipline, service to others, respect and acceptance for each other as individuals. We aim to build up their self-confidence, their spiritual maturity, their ability to trust one another, and we hope to draw out the positive attributes in them.

To put your minds at rest, we will give you some of the answers to the questions most parents ask:

Ablutions: Very adequate with hot water.

Accommodation: A-Frames on raised platforms and lodges.

Tuck:

Lasting Impressions does have tuck for sale. We ask that parents provide their children with tuck sufficient for the journey to camp ONLY. All personal tuck that arrives with the students will be turned in to their respective leaders, which will in turn be shared amongst all campers. There is a threat of attracting monkeys and baboons if food is kept in the accommodations. However, to remind kids of the comforts of home, we ask parents to supply a tin of biscuits that will be shared out among the group at tea times.

Medical:

Attention available with facilities and Doctors in Kadoma should an emergency arise. First aid is available at the camp. Please indicate and give full information on any medical conditions or allergies from which your child may suffer. Medicines, together with full written instructions, must be handed to escorts before departure on the bus. The camp is located in a malaria area so prophylactics should be taken before attending the camp and 4 weeks after.

Kit Required:

- Bedding: Sleeping bag or blankets, small pillow, thin roll up mattress or stretcher.
 - Towel.
 - Toiletries - usual but minimal.
